10TH ANNIVERSARY WORKSHOP

15:00 JOHN PENDRY (IMPERIAL COLLEGE, UK)

Compacted dimensions and singular plasmonic surfaces

15:30 Discussion

15:45 FRANK KOPPENS (ICFO, Spain)

Topological and quantum nanophotonics with 2D materials

16:15 Discussion

16:30 ANNA FONTCUBERTA I MORRAL (EPFL, Switzerland)

Compound semiconductor nanowires: synthesis and sustainability aspects

17:00 Discussion

17:15 JEAN-MARIE LEHN (University of Strasbourg, France)

From supramolecular to adaptive chemistry: some contributions to nanoscience and nanotechnology

17:45 Discussion
